Dear Judge Kollar-Kotally,

Microsoft has clearly acted in its own best interests at the expense of other businesses and the public. And while their crimes have been well recognized by the technology and courts for years, they have managed to continue to benefit while playing tricks with the legal system and stalling for time. Enough is enough. The damage must stop.

I strongly support the following statements.

The PFJ SHOULD terminate Microsoft's illegal monopoly.

The PFJ SHOULD deny to Microsoft the profits of its past behavior and penalize them.

The PFJ SHOULD prevent any future anticompetitive activity.

Regards,
